

## CO-5 CLASS ACTIVITY FILE OPERATION

1Q - create a program to create a file and write the data.

```
import java.io.File;
```

```
import java.io.FileWriter;
```

```
public class Main {
```

```
    public static void main(String[] args) {
```

```
        try {
```

```
            File file = new File("data.txt");
```

```
            FileWriter writer = new FileWriter(file);
```

```
            writer.write("Hello Java\n");
```

```
            writer.write("This is my file.");
```

```
            writer.close();
```

```
            System.out.println("File created successfully!");
```

```
        } catch (Exception e) {
```

```
            System.out.println(e);
```

```
        }
```

```
    }
```

```
}
```
